

BALI II D3 extension

The BALI II D3 collection is our response to the latest trends in furniture design. Soft bottle green colour invite nature to your personal space and combined with golden decors and handles add a touch of glamour . The interior is spacious with numerous shelves and a hanging rail for long garments. External drawers offer quick and easy access to any stored items. An extension provides that little extra space without affecting the overall look.

In the picture BALI II D3 wardrobe with an extension: frame - bottle green; front - bottle green, mirror. Hinged door.
