

BALI II D4 extension

The BALI II D4 collection is our response to the latest trends in furniture design. Dull blue combined with golden decors and handles add a touch of elegance to your personal space. The interior is spacious with numerous shelves and a hanging rail for long garments. External drawers offer quick and easy access to any stored items. An extension provides that little extra space without affecting the overall look.

In the picture BALI II D4 wardrobe with an extension: frame - dull blue; front - dull blue, mirror. Hinged door.
